

# MyNavy Portal

## What is MyNavy Portal?

MyNavy Portal (MNP) is a web portal that integrates many of the Navy's human resources (HR) information technology (IT) systems, knowledge, and applications into a simplified user experience. When fully developed, MNP will be a single point of entry for Sailors to manage their careers, using accurate data from a single, reliable source within an intuitive, self-service environment. To access the portal, go to [my.navy.mil](http://my.navy.mil).

The portal is a key component of MyNavy Career Center (MNCC), an HR service delivery model that ensures the web-based, self-service capabilities of MNP are matched with 24/7 customer service support and access to subject matter experts who handle unique and complex situations.

MNP is organized by Career & Life Events (CLEs), such as Advancement & Promotion, Career Planning, Pay & Benefits, Performance, and Sailor & Family Support. There are currently 10 CLEs with another one in development to support future Sailors seeking to join the Navy. Within these sections, users can view Frequently Asked Questions (FAQs), complete career-related tasks, and access additional information and links to other Navy systems.

The Navy launched a beta version of MNP in February 2017. Since then, there have been upgrades to increase capabilities and expand usability. Eventually, Sailors' personnel, training and education records and data will be accessible via MNP.

## What's new?

Recent updates to MNP include several features that give Sailors better tools and enhancements to improve overall performance of the portal by different users.

**MyRecord Web** – All users now have review access to their records and may request that needed corrections be made.

### **Advancement & Promotion CLE**

- **Advancement Cycle Manager Capability** – This capability allows the administrator to add and delete Active Duty and Reserve advancement cycles for E4 to E7 paygrades. These cycles apply to the Advancement Dashboard and the Final Multiple Score (FMS) Calculator. FMS Calculator provides access to all cycles available in the Advancement Cycle Manager table. Advancement Dashboard provides access to cycles that are set to active via the Advancement Cycle Manager.
- **Advancement Dashboard** – E4 to E6 Candidates can view and export their profile details in both high and low bandwidths.
- **FMS Calculator Manager Capability** – This new feature allows the FMS Calculator Manager to update cycle calculation values, update instructions, and export calculation values as a PDF.

### **Assignment, Leave & Travel CLE**

- **eLeave** – Additional details are now available for more complete leave information:
 

Leave address	Leave phone number and type
Mode of travel	Cellular carrier
Accompanying dependents	Check-in date and time
Start and end hours	Comments

- **PCS (Permanent Change of Station) Survey** – The survey hyperlink was changed.

#### Career Planning CLE

- **ePAR** – When a Command Career Counselor or Sailor logs into MNP using a different Navy email, email fields update to reflect the current one on any ePAR form in progress.

#### Training, Education & Qualifications CLE

- **Proxy scheduling** – Staff, supervisors and administrators can schedule requests on behalf of non-MNP users.

#### Other

- **Custom Search Capability** – This improved feature provides better search results by allowing Sailors to perform custom searches of everything within MNP.

To learn more about these new features, please see the MNP **May 2019 Release Quick Tour** using the blue button on the MNP home page or by going to the **Help & Info** section from the **Main Menu**. Additional resources are available on Navy Personnel Command website **Navy Personnel Command > Career Info > Career Toolbox > My Navy Portal**. MNP videos are available on the PMW 240 Sea Warrior Program [YouTube channel](#).

### How do MNP and MNCC fit together?

MNP continues to offer Sailors more information and resources to help them manage their careers and complete required tasks on a self-service basis.

If Sailors have questions or need information not available from MNP, they can access MNCC customer service representatives via phone or email, even submitting a request for help from within MNP.

MNCC representatives respond to Sailor inquiries, provide centralized support, and promptly elevate issues to the appropriate subject matter experts in unique or complex situations that require in-depth knowledge.

Retirees, dependents and Command Pay and Personnel Administrators (CPPAs) can use the MNCC Contact Center, too. Service requests start with a phone call, an email, or through MNP. All of these methods connect to the same contact center for resolution and tracking.

### How will MNP improve my experience as a Sailor?

When fully developed, MNP will provide a “front door” to most of the Navy and Department of Defense systems Sailors access to manage their careers. Ultimately, the portal will be the central online location for Sailors’ career information.

MNP is creating efficiencies for Navy HR services that are time-consuming, labor intensive and often involve legacy IT systems that are not easy to use.

MNCC Contact Center is open 24/7 – with access online within MNP, by phone or email – to address career information questions.

In the end, more efficient, reliable resolution of pay and personnel issues is the result of MNP self-service functions and MNCC contact center support.

### How do I access MNP?

The portal URL is [my.navy.mil](http://my.navy.mil). Users need a Common Access Card (CAC) and a CAC-enabled computer to log in. During the login process, users can choose either high bandwidth or low bandwidth mode.

## Is MNP accessible from afloat environments?

Yes. However, challenges routinely exist for platforms with limited, low or intermittent bandwidth. Efforts are underway to improve Sailor use in these environments.

Afloat units with older browsers and limited connectivity may encounter challenges accessing MNP. A low bandwidth version is accessible from the MNP public website at [my.navy.mil](https://my.navy.mil). Sailors can toggle between low and high bandwidth modes by selecting the **Arrows** button when hovering over the yellow **Options** buttons on each page.

## Can MNP be accessed on a mobile device?

MNP can be accessed via a mobile device, but only if the user has a mobile Common Access Card (CAC) reader to enable login to the portal. These restrictions are due to Navy policy requiring CAC/PKI tokens for access to Personally Identifiable Information. In the future, the requirement to use a CAC may be removed and secure access to MNP provided by multi-factor authentication processes similar to those used in the commercial world. An example of this is the MyNavy Portal-MyRecord Mobile (Beta) App, which allows users to access a portion of their Electronic Training Jacket data. The app is available to download by visiting the Navy App Locker, the Apple App store, or Google Play store based on the phone's operating system.

## What features are available in MNP?

Users can access forms, FAQs, checklists and information related to CLEs, as well as the **Quick Links** page to access other important Navy career-related systems and portals, such as BUPERS Online, Career Management System - Interactive Detailing, Electronic Training Jacket, Fleet Management and Planning System, Navy eLearning, Navy Standard Integrated Personnel System and NMCI Outlook Web Access.

Each MNP page features a yellow **Options** button that allows users to switch between high and low bandwidth modes, access support resources or leave page feedback.

## Can Sailors access other HR IT systems from MNP?

Yes. MNP includes a **Quick Links section** to frequently-used systems, such as:

- Career Management System-Interactive Detailing (CMS-ID)
- Electronic Training Jacket (ETJ)
- Joint Services Transcript
- Navy eLearning (NeL)
- Navy Credentialing Opportunities Online (COOL)
- Navy Standard Integrated Personnel System (NSIPS) Electronic Service Record
- Pay/Personnel/Travel Standard Operating Procedures
- U.S. Navy Awards

Functions represented by these systems and others will be integrated into the portal.

## Why is it necessary to log in to other sites featured in the Quick Links section after the initial login to MNP?

MNP is still in a beta testing phase. Until it achieves full functionality, Sailors need to use their CACs for other systems that require a secure log on.

## How do I find information on MNP?

MNP is categorized by Career & Life Events (CLE) with content that helps Sailors manage their Navy careers. There are currently 10 CLEs (see below) with another one in development to support prospective Sailors seeking to join the Navy. Within these categories, users can view a range of information, such as FAQs and relevant timelines, links and documents.

## CLE categories

- New to the Navy
- Advancement & Promotion
- Assignment, Leave & Travel
- Career Planning
- Deployment & Mobilization
- Pay & Benefits
- Performance
- Retirement & Separation
- Sailor & Family Support
- Training, Education & Qualifications

## What are some of the key capabilities?

Sailors have access to a growing number of capabilities on MNP. Some of the significant ones to date include:

- **eLeave** – CONUS-based Sailors can manage Ordinary Leave requests from within MNP. This tool enables users to submit requests to their Commands for a decision, as well as check out, check in, request a leave extension, cancel a request, and view estimated leave balance and the status of their requests.
- **Electronic Personnel Action Request (ePAR/1306)** – Sailors can create, update, or request a cancellation of an ePAR/1306.
- **Exchange of Duty (SWAPS)** – Allows Sailors to view jobs in the same geographic area they may want to exchange with a fellow Sailor. SWAPS will walk Sailors through the process of determining eligibility, searching open jobs, finding a SWAPS partner and requesting a SWAPS through their detailer.
- **MNCC Request/Inquiry** – Sailors can submit a request for help with general questions about personnel, pay and training via MNP ([my.navy.mil](mailto:my.navy.mil)) by email ([askmncc@navy.mil](mailto:askmncc@navy.mil)) or phone ([833-330-MNCC/6622](tel:833-330-MNCC/6622)).
- **MyPCS (Permanent Change of Station) Checklist** – This tool facilitates a tailored PCS experience for Sailors that meets their specific needs. By answering a comprehensive set of questions, they identify ways in which their unique situations may impact their upcoming moves. Once the checklist is created, they may download a PDF version or email it to serve as a ready reference.
- **MyRecord Web** – Sailors can view and verify their data and, if necessary, initiate a correction request from MyNavy Career Center (MNCC) Contact Center customer service representatives. MyRecord Web continues to offer more data for Sailors to view, like security clearance information and Career Waypoints (CWAY) application status.
- **Physical Readiness** – This offers a graphic display of Physical Readiness Information Management System data. It allows Sailors to view and submit a Physical Activity Risk Factor Questionnaire, track Physical Fitness Assessment results and history, and see Physical Readiness Test scores.
- **Retirement and Separation Timelines** – Sailors can choose a date for retirement or separation, and MNP will build a timeline to guide them through tasks, actions, and milestones that must be completed.

## What was included in the first release of MNP?

The beta release of MNP, launched in February 2017, provided Sailors access to their Physical Readiness Information Management System data and Official Military Personnel File (OMPF). Since then, the following have been incorporated into MNP:

- Navy Knowledge Online (NKO) content
- Navy Advancement Center
- Navy Schools and Learning Centers
- Personnel Qualification Standards
- General Military Training (GMT)

## How are ongoing improvements made to MNP?

MNP continues to mature and evolve as new capabilities are developed, tested, and released, based on Sailor feedback and Manpower, Personnel, Training & Education Transformation priorities. This input to both design and requirements ensures MNP meets the needs of Sailors.

MNP is updated regularly with new content and capabilities. To find out what's new, access the MNP **Quick Tour** that highlights capabilities included in each major release. View the current **Quick Tour** using the blue button on the MNP home page or by going to the **Help & Info** section from the **Main Menu**.

## When will MNP reach its full capability?

Full operational capability is a few years ahead. However, with MNP's ever-increasing functionality, Sailors can do more and more. When MNP achieves full implementation, it will be an integrated HR portal for Sailors to self-manage their manpower, personnel, training and education information.

## How can I provide feedback about MNP?

MNP is designed for Sailors. Integral to the process is ongoing input from users to improve the MNP experience, report broken links, or identify missing information. Feedback is reviewed regularly and considered during planning for future enhancements.

To leave feedback, look for the yellow **Options** button on the lower right side of each page. Users can select **Leave Page Feedback** to open up a form to submit page-specific comments. There is also a **Feedback** section in the **Main Menu** at the top of every page.

## How do I get help with MNP?

For technical issues with the portal, email: [MNP\\_HELPDESK@NAVY.MIL](mailto:MNP_HELPDESK@NAVY.MIL).

## How do I get help from MNCC?

Customer Service Representatives are available 24/7 by phone (**833-330-MNCC/6622**), email ([askmncc@navy.mil](mailto:askmncc@navy.mil)) and by submitting a MNCC Request/Inquiry within MNP:

- Click **Sources of Support** icon, embedded within the yellow **Options** button on each page.
- Select **Support Resources** from the **Help & Info** item on the **Main Menu**. At the bottom of the page, there's an **MNCC Request/Inquiry** button under **Ask for Help** to use for submitting general questions.
